Educational Methodology for Local Level Instructors - ZEMLL - 101

This course prepares students to effectively instruct adult students in fire and emergency services. The ZEMLL Course will prepare the successful candidate to effectively instruct adult students in fire and emergency services. Topics include: theories of adult learning, instructor roles and responsibilities, legal and ethical requirements, safety, lesson objectives and planning, methods of knowledge and skill instruction, student evaluation and training program coordination. Students will present several lessons upon which they will be evaluated. This course covers the JPEI for instructor I and selected JPEI for instructor II as described in the NFPA 1041 Professional Standards for Fire Service Instructor. The ZEMLL Course prepares the student to successfully complete national certification at Fire Service Instructor I, although recommended. National Board on Fire Service Professional Qualifications (Pro Board) or International Fire Service Accreditation Congress (IFSAC) certification is not mandatory to successfully complete this course.
